**THAT**, aware that healthcare services is a devolved function according to the Fourth Schedule of the constitution and sensitive to the lives of citizens; further aware that there are several unlicensed medical facilities and pharmacies operating in the County; worried that wrong medical prescriptions can cause dire health challenges to the citizen; observing that a number of high-profile cases of malpractice - including patients being molested, paralyzed and even killed by people pretending to be **DOCTORS** (sic); appreciating that practitioners aspiring to practice in Kenya must comply with the statutory requirements for registration and licensing and failure to obtain the necessary documentations constitutes an offence under section 22 of the Medical Practitioners and Dentists Act; this Assembly urges the County Government to liaise with Pharmacy and poison Board and other relevant agencies to carry out a serious crackdown on these unlicensed officers and close down all unlicensed medical facilities and pharmacies in the County to safeguard the health of locals.
